**THE LEDGER.**  
Is the largest daily paper printed in Maryland—count the columns and measure their length.  
It gives you more reading matter than any other paper.  
It is sold at the same price as any other Maryland paper—just one cent a copy or 25 cents a month, delivered by carrier or sent by mail. If you are looking for the most for your money, our paper is the best.  
Now is the time to subscribe. Give it a trial.

**Circulation More Than 1,000 Daily.**

**The Business Way!**  
The business way to advertise is to take space by the year, take pains with your advertisements in making them attractive, and change them at least as often as once a month.

You may think there are seasons when you don't need to advertise.  
We have never seen that time.

Use the full seasons for looking over your stock and running off that which is becoming out of style or unfashionable, and giving bargains.

If you have space by the year, it costs you no more, and you can make it profitable by converting unsalable goods into money, and reinvesting the money in those things which are salable.

**Where is That Banner Now?**  
Remember that, during the last campaign the Democrats of this city displayed a banner in their processions bearing this inscription:

**VOTE FOR GOVERNOR CLEVELAND**  
AND  
FOR YOUR WHEAT.

A liberal reward will be paid for that banner at this office, and no question asked.

The latest Anarchist demonstration is at Barcelona in Spain, where an attempt was made to assassinate General Canovas, the military leader, whose services supported the Carlists and established the present dynasty securely on the Spanish throne. As is the case with most of these bomb-throwing attempts at assassination, the purpose failed; but one innocent person was killed and several of the crowd injured. The utter insanity and recklessness in their readiness to wound and kill any number of innocent people in order to wreak vengeance on some obnoxious person. In this country there is real sympathy with the political class in which CANOVAS is a prominent figure; but there can be only detestation and contempt for the men who imagine that any progress can be secured by the cowardly and foolish resort to assassination.

No real good can ever be effected for popular rights until those professing the cause of the people learn that, while open instruction, even if unsuccessful, may have the moral effect of a declaration of great principle, the assassination of individuals can never rise above the level of common murder.—Pittsburg Dispatch.

## FLOODED.

Mobile, Ala., Submerged, Involving Great Loss.

The High Winds Swept Up Enormous Billows From the Bay.

Several Persons Caught in the Raging Torrent. Many of them Were Driven to Their Death—Harbor Craft Wrecked and Probable Loss of Life.

MOBILE, Ala., Oct. 20.—A southeast gale broke here Monday morning about 4 o'clock and the wind has been increasing in velocity ever since, at times blowing at least fifty miles an hour. The barometer is still falling. The wind has blown the water in from the gulf until the harbor has reached Royal street, which is four blocks from the river and at an elevation of about fifteen feet from the main river height.

There is no possible chance of estimating the money damage. The wholesale and a great portion of the retail district of the city is some four feet under water, and thousands of dollars worth of goods have been damaged.

The pilot-boat Ida Low has been driven on the wharf at the foot of St. Francis street.

The bay-boat Heroine was driven on the Mobile and Ohio wharf and almost totally wrecked. The Crescent City, an other bay-boat, left Point Clear at the same time; the Heroine did Monday morning and has not since been heard from.

It is reported that three dredges working on the channel have been lost. It is also reported here that some fifty miles of the Louisville and Nashville railroad along the coast are under water, and that the Biloxi bridge has been swept away by the gale.

The busiest thoroughfare of the city are being navigated in boats, and parties are wading up to their armpits in their efforts to save goods. It is conceded by all to be the worst storm that has ever visited Mobile. The southern part of the city presents a scene of wreckage as if it had been bombarded. The towers on the New Orleans and Christ church are tottering.

Dredge No. 5 turned over near the lighthouse, and three men were thrown into the angry waves. At great peril the crew of the tug Captain Sam steamed to the rescue and saved two of the men, the other being drowned. An unknown white man lost his footing while wading from the Union depot at the foot of Government street and was swept under the bridge and drowned.

The storm reached its height about 1 p. m., when the wind reached a velocity of seventy-five miles an hour. From that hour the fury of the gale began to increase and the wind gradually changed from south-east to west. The rain has been falling in torrents the entire day and night.

At night the city is in darkness and there is not an electric light of any kind burning.

The bay steamer Crescent City dragged her anchor seven miles and went ashore on the beach between Arlington and Monroe Park, about three miles below the city, on the point of the bay. Capt. Frank Lumsden and his crew and one passenger, a cotton broker named E. Lewis, donated life-preservers and swam safely ashore through the angry waves.

Nearly every bath-house along the western shore was blown down, and at Morgan's an attendant named Graham was swept away with five bath-houses, and drowned.

The Mills and Cooley's warehouses were blown down, and two unknown colored men were drowned in the cotton-yard. Magnificent oaks all over the city are laid low and the earth is covered with the green leaves whipped from the trees by the fierce winds. Houses all over the city have been unroofed and fences blown down, and Monday night it is simply impossible to give details. Nothing has been heard from the eastern shore, nor from the market gardeners in the marshes, where it is expected great damage to property, and possibly loss of life, has occurred.

The storm at this writing (10 p. m.) has abated, and the waters have receded. There is not a wire in the Western Union office affording intercourse with the outside world, and this is written to be sent several miles out of town, where it is hoped communication may be established.

The loss of the Crescent City represents \$1,300. Cleveland Brothers, grain dealers, estimate their loss at between \$5,000 and \$7,000. The merchant lost a thousand barrels of cement, another a thousand sacks of salt, another a quantity of lime. A large quantity of grain has been lost. It will be several days before details can possibly be known.

**Cut to Pieces.**  
TARKENTON, Va., Oct. 20.—A number of men were collected at a farm-house, two miles from Clarkburg, and after they had filled up with hard cider, began to quarrel over old differences. A fight ensued in which Sprague was almost cut to pieces, dying in a few minutes. Several others were badly injured. Henry Wetzel, one of the party, was arrested and jailed for the murder of Sprague.

## PUBLIC DEBT.

The Statement Shows Unfavorable Government Financial Operations.

WASHINGTON, Oct. 20.—The monthly public debt statement and statement of government receipts and expenditures put out from the treasury department Monday present an unfavorable showing of government fiscal operations during the last month. The public debt during September increased about \$1,000,000, the gold reserve was lowered about \$3,000,000, more than during the last month, compared with September a year ago, fell off several millions.

Receipts, however, last month were about \$3,000,000 more than during the preceding month of August—due mainly to increased internal revenue receipts. The interest-bearing debt increased last month increased a trifle—\$100,000, the non-interest-bearing debt increased \$428,896, and the surplus cash in the treasury fell from \$107,888,710 on September 1 to \$106,975,633 Monday, a decrease during the month amounting to \$913,077, making in all an increase in debt and a net loss of \$1,311,973. The increase in the public debt during the month amounting to \$834,793. The total debt, however, less surplus cash in the treasury, was \$834,311,141. Of the amount \$553,034,300 is interest-bearing debt—mainly four per cent. bonds.

Treasury gold assets Monday aggregated \$178,395,991, against which there are \$70,754,819 in gold certificates outstanding, leaving a gold reserve of \$107,641,172, or \$2,428,051 less than a month ago. In silver assets Monday, including \$5,441,811 silver certificates and silver bullion treasury notes in the cash aggregate \$101,048,129, against which there is outstanding \$103,964,504 in silver certificates and \$151,319,040 silver treasury notes issued under the silver certificate plan, leaving a silver reserve of \$24,073,725, or about three and a half millions more than a month ago.

The treasury gold assets comprise \$101,048,129 in bonds, \$74,181,135 coin and \$12,220 in gold certificates. The silver assets are made up of \$60,498,862 standard silver dollars, \$194,347,197 in silver certificates, and \$5,441,811 silver certificates and Sherman act bullion notes. The treasury holds in cash to-day \$14,454,109.

Of the \$178,395,991 of national bank notes, \$78,918,000 national bank notes have been changed but little during the past month, and Monday, including discharging officers' notes, aggregate \$17,313,378. Government receipts during September aggregated \$44,582,736 in round numbers, \$11,500,000 from customs, \$11,900,000 from internal revenue and \$500,000 from miscellaneous sources. Expenditures aggregated \$58,478,031, against \$28,192,482 in September, 1902. Pension payments last month were \$10,786,934, against \$18,454,907 in September a year ago.

**No Train From New Orleans.**  
NASHVILLE, Tenn., Oct. 20.—At the Louisville and Nashville depot in this city it is learned that Mobile communication south of Montgomery is cut off and there were no trains from New Orleans. No further loss of life is reported.
